Dear Student C,

Please see attached document that all judicial panelist receive during their training.

Hope this is helpful.

Take care,

Morris

Morris-
I'll defer to you on this process/procedures issues. (It would be upheld in both the hearing and deliberations).
Does this sound right to you?

Subject: Instruction sent to Panel on standard of evidence

Hi Mr. Yuen and Mr. Graves,
I wanted to request the info that the panel members are given in regards to the standard of evidence with which they are supposed to try these cases. As I understand it, the panel members would independently need to believe the evidence to be pointing to holding me responsible "beyond a reasonable doubt". If I could see how the members are instructed to uphold this, it would be very helpful for me! Thank you both!

Best,
Student C
